DON'T FORGET TO BUY A BRICK

**2 Incumbents & 1 New Elected
2012-2014 Board**

Marjorie Mustard and John Whitham were incumbents elected to the HAMM board of directors and new addition will be Charles "Chip" Williams. Board members are elected for a three year term, therefore each year three vacancies occur. New board members begin their new term in January. An interesting note; 291 ballots were mailed this year to eligible members and 145 were returned. Eleven of those returned were invalid due to no signature across envelope seal. The Historic Aviation Memorial Museum needs all its members participation. It is hoped that in 2012 each member will become more proactive with HAMM.

DOCENT MEETING

*There will not be a docent meeting in December. The January meeting will be held on Monday, January 9, 2012 at 10:00 a.m. in the museum. Since the first Monday in January is so close to the holiday, Bill Halbert has moved this meeting to the second Monday. For any of you considering volunteering as a docent, this is an excellent meeting to attend and learn about how simple and fulfilling it can be. Many venues of the memorabilia within the museum are review. **All current docents are ask to make every effort to be in attendance.***

VOLUNTEERS NEEDED

Volunteers are a much needed asset to the Historic Aviation Memorial Museum. Over the years, HAMM has evolved into a great tourist attraction for Tyler and especially Tyler Pounds Regional Airport. The members, who volunteer on a regular basis, have definitely put the museum on the map. Being a volunteer organization it is expected that each member will be able to give some of their time or financial support enabling the museum to continue its normal operations. The areas with the biggest current need are docents and hangar restoration workers. Assisting our visitors by answering questions and escorting them to the ramp during our open hours is a daily requirement. Working with the restoration and maintenance on the static aircraft is an obligation under our military contracts. Additional areas available for volunteer needs are the gift shop, which must remain open as an admission collection point, assisting the curator in memorabilia preservation, and scheduling guest speakers for the general meetings. A love of working with this museum is not reserved for men, since a number of women are regular volunteers. You are ask to consider at least 2 days a month of your time to work with HAMM. Most likely you will get hooked and become a regular. Below is a list of members you may contact in whatever area you would be interested in pursuing.
